

## Where Seniors go for Primary Care

**You have a partner every step of the way!**

### **Your Primary Care Partner:**

Whether in the practice or virtually, they will listen to your goals, assess your needs, provide medical care, and prescribe medications

### **Your Medical Technician Partner:**

A trained professional who assesses your needs at home. This includes immediate care, if needed, or support so you can remain living safely at home.

### **Your Guide Partner:**

A neighbor from your community who you will go to for questions, help navigate your benefits, and ease communication with your doctors.

### **Your Practice Operations Partner:**

A friendly face who will help schedule your appointments, arrange transportation, process referrals, and answer any questions you may have.

- Same day and next day appointments
- **House calls:** Immediate care in your home when you need it.
- Providers who value your time, with appointments that won't make you wait.
- **Transportation** assistance for our patients to and from our medical office.
- Support understanding your health insurance benefits and making the most of available resources

**Now Accepting New Patients**  
There's no waiting to get on our schedule.
