

## LONG TERM

The Sutton Home accepts applicants for long-term stays. As we become familiar with the resident's degree of independence and needs, we strive to make our residents happy and content.

We work very closely with family/advocates to ensure a smooth transition and a strong ongoing support source. As residents age in place, they've already become very comfortable. They think of the Sutton Home as their home - and the staff and other residents as family.

## SHORT TERM

The Sutton Home also accepts applicants who may be interested in short-term stays, such as respite care, job relocation, visiting in the area, and for those needing extra strengthening after a Rehab stay.

The Sutton Home for Women is a licensed non-profit organization providing affordable housing, wholesome meals, and quality residential services for women who meet the requirements established by the Home's Board of Management and Board of Directors.

We have been serving residents in our community for over 100 years.

Give us a call and arrange for a tour and see for yourself.

Our lovely home may be just what you are looking for.

The Sutton Home offers a pleasant environment with companionship and plenty of individualized attention.

We provide activities by inhouse staffing and collaborate with other outside organizations for special events.

We celebrate everyone's birthday, have tea parties, cookouts, and parties during the holiday season.

Please keep in mind the welfare and happiness of a loved-one that may need to make a housing change and receive the extra care and attention she needs.

Each resident will have a large private room furnished with their own personal belongings. All rooms have quiet views of the neighborhood and beautiful windows to bring in an abundance of sunlight.

This wonderful alternative living arrangement is being offered now at monthly.
